OBSTRUCTION LIGHT REPAIR

PSI Repair Services offers a variety of high-quality, quick-response repair solutions for Obstruction Lights to meet the needs of our customers. We have many decades of experience with electronic sub-assemblies and LED-based lighting repairs. We can make repairs to individual modules/circuit boards, or refurbish the entire light assembly.

In addition, PSI offers:

- Custom test stands for full function testing
- Exchange services
- Engineering analysis to improve reliability
- Upgrade services to improve underperforming components
- Reverse engineering services for obsolete components
